Dear Harold:

Got your note and copy of the Wecht/NY Times piece...glad you sent it since (you're right) I don't get or read the NYT here on the coast...hope something pops as a result of his pressure...

I'm sending along a memorabilia piece by an AP Dallas reporter on the JFK day which is really written for non-public consumption which I'd like to have your feelings on for accuracy and authenticity... the part that really ticked me off was the one I underlined on pg. 22...how about a hot-letter from Harold Weisberg???

Best
